

This is my son Stephen. He is thirty years old. He is suffering from End stage Cystic Fibrosis. He has recently become a candidate for a double lung transplant. This surgery and all it entails will cost a lot of money which we don't have. In all we will need \$20,000.00. It is a huge amount of dough, but Stephen is very much worth it. Any amount you can spare will be greatly appreciated. I realize that everyone has fallen on hard times, this could not have happened at a worse time in our lives with the economy the way it is.
